

Our Mission

— ◦ —

The Aquarium of the Pacific is a non-profit institution with a mission to instill a sense of wonder, respect, and stewardship for the Pacific Ocean, its inhabitants, and ecosystems. Your generosity will help us continue to expand upon everything we do – like providing top-notch care for the animals that inhabit our stunning exhibits, engaging in local and global conservation efforts, or delivering inspiring learning experiences to every guest that connect them to the ocean and our diverse community.

Pacific Circle members support a vast and evolving array of educational experiences, conservation efforts, youth programs, historic research, scientific collaboration, and much, much more.

We hope that you will join this special cadre of leaders who collectively bolster the foundation of the Aquarium and propel the organization forward.
